INCOME TAX MAN COMING

Collector of Internal Revenue Hughes announces that officers will start from his headquarters on January 1, and on January 2, every one of them will be on the job in the county assigned him, to meet the people and help them make out their income tax returns. The officer assigned to this county will be at Stanford from Jan. 9th to Jan. 22nd. On his arrival he will inform bankers and the postmaster where his office will be located. It will be well for every unmarried person whose net income for 1917 is \$1,000 or over, and every married person living with wife or husband whose net income is for 1917 is \$2,000 or over, to call on the income tax man and learn whether or not they have any tax to pay. Collector Hughes said today. The person subject to tax who doesn't make return in the time prescribed is going to regret it. The government will get after all income tax slackers. There's hardly a business man, merchant or professional man, who won't have to make a return of income. Farmers, as a class, will have to pay the tax. The safe thing to do is for every person who had a total income of \$1,000 or \$2,000, as the case may be, and who is not sure about what deductions the law allows him, to play it safe by calling on the income tax man. The man in the field will have forms for every body and persons who expect to call on him need not trouble themselves to write to my office for forms.

GIRLS! ITS YOUR STEP THAT ATTRACTS!

Says Women Pay Too Much Heed To Their Face Instead Of Their Corns

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's bad, girls, and know it. Corns destroy beauty and grace, besides corns are very easy to remove.

Rid your feet of every corn by asking at any drug store for a quarter of an ounce of Frezzone. This will cost little but is sufficient to remove every hard or soft corn or callus from one's feet.

A few drops applied directly upon a tender, touchy corn relieves the soreness and soon the entire corn, root and all lifts right out without pain.

This frezzone is a gummy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that cornless feet create a youthful step which enhances her attractiveness. It

LAND, STOCK AND CROPS

B. P. Martin bought of Arthur Miller a sow and eight shoats for \$90. Coleman & Sorrell, of Mercer, bought last week 80 800-pound hogs at 7 1-2c.

H. S. Caywood bought and shipped from Danville 119 1,450-pound cattle at 13c. The good bunch went to Swift & Co.

W. B. Tuley, of Richmond, breeder of Kentucky Red Berkshire hogs, closed a deal with the Cuban Government for nine gilts and two boars of that popular breed. Mr. Tuley will ship them in the next few days. The price is a very fancy one as these hogs always command.

Col. J. B. Dinwiddie, who cried the J. M. Newell sale near Milledgeville Wednesday says a fairly good crowd was present notwithstanding the cold day. A mare sold for \$110; a colt for \$70; a pair of calves \$95; a foal for 40c; a pair of sheep \$75. The jacks and jeannets did not sell. He also "cried" the J. M. Cloyd sale where two cows sold at \$90 and \$95; a mule \$125; pair mules \$329; very small pair of mules \$143; sheep \$19.75. The crowd was up to expectations.

TO MY PEOPLE

God has always been good to me. I have often thought that but few preachers have been so blessed through well-nigh fifty years of constant service as I have. Amid all the blessings of these years it seems that He has reserved the last, and well nigh the close of my life's work to allow the lines to fall in the most pleasant places. No place we have ever lived. Have the people been more thoughtful and kind than have my people of Stanford. Especially has this been true as we have approached the Christmas time. The tokens of love, and the increasing confidence in me, highly appreciated by us all. The filling of ourarder with so many good things, and in many other ways have you made our hearts glad. We want in this general way to express to every one of you our love. And now I wish to thank the friends, who are not members of my church for their many tokens of love and confidence. May heaven's best blessings abide upon all who have made us happy. Fondly,—M. D. Early.

Railroads Director General McAdoo dissolved the Railroads War Board at its own suggestion, and appointed Hale Holden a member of the board to direct the nation-wide organization which it has built up. The director general also appointed a temporary advisory cabinet, consisting of Mr. Holden, John Skelton Williams, Controller of the Currency; Harry Walters, chairman of the board of the Atlantic Coast Line; Edward Chambers, traffic manager for the Food Administration, and Walker D. Hines, now assistant to the director. The director general suspended all priority orders in territory east of the Mississippi and north of the Ohio river, and directed instead extraordinary efforts to move all freight.

Porter C. Eubank, who killed Henry Ringo at Mt. Sterling has been taken to Lexington for safe-keeping. Feeling is very high against him.

DOINGS THE COUNTRY OVER

The mother of Gov. James P. Goodrich, of Indiana, is dead at Winchester, that State.

Two children of Sherman Wright were burned to death when his home at West Point was destroyed by fire. The 10,000,000,000 francs asked for in the third war loan has been exceeded, it was announced at Paris. Three children were burned to death in a fire that destroyed the residence of Mose Miller near Prestonsburg.

Those retail grocers having on hand as much as \$250's worth of sugar must notify State Food Administrator F. M. Sackett of it.

A plea for war time economy to assist the United States in financing itself and its allies, was issued last night by the Federal Reserve Board. Lawrence H. Armour has resigned as vice-president of Armour & Co., Chicago packers, to accept a commission as lieutenant in the U. S. Army.

Every house in Gastonia City has been rendered uninhabitable by the earth shocks that began Christmas night and are continuing. Loss of life was slight.

American soldiers in France played Santa Claus to the hundreds of French orphans in the vicinity of their respective camps and for a day made the children forget the horrors of war.

Sixteen persons were killed "and 112 were more or less hurt when a Pittsburgh street car ran nwy down a mile grade and crushed into a telegraph pole as the car emerged from a tube.

The Philadelphia & Reading Railway Company announces that a great number of passenger trains on the entire system will be annulled, effective at once, in order to conserve fuel, motive power and men and to facilitate the handling of Government material and troops.

Eight are known to be dead and about twenty injured as the result of a head-on collision between a west-bound and an east-bound Baltimore & Ohio train a mile east of North Vernon Saturday night. MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look At Tongue! Move Poisons From Liver And Bowels At Once

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, does not eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co."

MARRIAGES.

Miss Mattie Cundiff and Thomas Leese, popular young people of Pulaski, were married last week.

Pleasant Dye and Miss Maggie Lee Adams went to Eld. J. G. Livingston's on the 29th and had him join them hand and heart.

Mose Baugh and Miss Lou Tetley Milburn were joined heart and hand at Rev. J. M. Long's by that gentleman on the 27th.

Samuel Murphy, a widower of 49, and Mrs. Minerva Baugh, a widow of 49, were married in Darstown Monday.

Ellis G. Williams and Miss Nora B. Braley, popular young people of the New Liberty Church section, were united in marriage Sunday.

Miss Clyde Overstreet, a popular Pulaski county teacher, and D. H. Evans, a well-known business man of London, were married last week. Mother and daughter were brides in a double wedding at Brooksville when Sanford Debruler, 36 years old, married Mrs. Stella Nickerson, 45, and Luther Tegarden, 18, married Mary Nickerson, 16.

Ben H. Shetter, of Chambersburg, Pa., and Miss Maggie Mary Davis, of the East End, were married at Crab Orchard Thursday. The groom is a prominent business man of his city, while his bride is the pretty and popular daughter of Dabney Davis, a well-known citizen of the county.

Thomas M. Phillips and Miss Anne Davis, both of London, were married by Mr. and Mrs. T. W. Jones and Postmaster H. J. McRoberts, motored to Danville Monday and were married at the home of Dr. E. M. Greene, pastor of the Presbyterian church, by him. A short while later Mr. and Mrs. Phillips boarded a Southern train for Cincinnati, where they will spend a week at The Gibson, Cincinnati's best hostelry. Returning to Stanford they will be greeted by their legion of friends, who feel to congratulate the groom and wish for him and his bride a long and happy married life. Mrs. Phillips is the only daughter of Postmaster and Mrs. Harvey J. McRoberts, and is one of Stanford's most charming young women. For some time she has assisted her father and his predecessor in the Stanford postoffice and in her work has come in contact with a great many people, all of whom have learned to love and admire her. Patient with each and every patron of the office, always pleasing in manner and with a cheery word for all, it was a real pleasure to be waited on by her. She is highly accomplished, very graceful and stately and an exceedingly handsome woman and that she will make a helmet in all the word means, none who know her as the writer does doubt for a minute. Mr. Phillips is one of Stanford's biggest and best business men. He is the senior member of the firm of Phillips & Phillips, geant's furnisheers, a business firm favorably known far beyond the confines of Lincoln county. He is a fine fellow and there is every reason to believe that he will make his excellent young wife the best sort of a husband. The two had been sweethearts for many years and that they would some day marry, their friends were certain. They make an unusually popular couple and if good wishes of their many friends count for aught, they will be the happiest pair in all christendom. The bride wore a handsome coat suit, with hat, gloves and shoes to match. Mr. Phillips' suit was of dark blue and of the conventional style.

HE IS SELLING MEAT AGAIN

The Interior Journal's old friend, Mr. O. P. Huffman, is back in the fresh meat business, having bought out George T. Wood, who is to be Stanford's chief of police. Mr. Huffman sold out to Mr. Wood some years ago, and it is probably the longest period that he has not sold meat in Stanford in the last decade or so. He will move his stock of goods to the room which has been occupied by Mr. Wood and will continue to deal in groceries as well as in meats. He will be assisted by his sons. Mr. Huffman has always enjoyed a good patronage in the butcher business and he has many friends and patrons who will welcome him back in the business.

WILL GO TO FRANCE

Col. Ben Lee Hardin has received news that his nephew, Rev. M. D. Hardin, of Chicago, has been chosen among ten Redhat Chautauqua lecturers by the head of that Bureau to go to France and study conditions at first hand in order to make addresses for the Red Cross spring campaign. Dr. Hardin will leave the first week in January for France. Dr. Hardin is a native of Harrodsburg and spent his boyhood here and his many friends will be interested in the new honor that his come to him. —Harrodsburg Democrat.

ARE YOUR SEWERS CLOGGED?

The bowels are the sewerage system of the body. You can well imagine the result when they are stopped up as in the case in constipation. As a purgative you will find Chamberlain's Tablets excellent. They are mild and gentle in their action. They also improve the digestion.

DEAD OF TUBERCULOSIS

William H. Wells, aged 29, died at his home near Dripping Springs Friday of tuberculosis. He is survived by his wife, to whom he had been married only a short while. Services were conducted at the late home by Mr. J. C. McClary, of this city, and the burial occurred in Crab Orchard Cemetery.

MR. HARLAN'S GOOD BILL

Senator Jay Harlan, of this district, has drafted a bill to be introduced at the coming session of the Legislature providing for the budget system of appropriations. If adopted the present system of spending the State's money will be revolutionized. Intelligent and business like state financing will supersede the present haphazard and unscientific method, and much money will be saved. The budget financing has been adopted by many of the most progressive States, and proved to be the only way to wisely and efficiently expend the State funds. The adoption of the system by the Federal government is being strongly urged. Mr. Harlan has given quite a good deal of study to the question, and his bill has been submitted to many, and has met with unanimous approval. It is hoped the Legislature will be willing to adopt this efficient system of state financing in the place of the present unintelligent plan of appropriations. He has also prepared a bill pertaining to regulation of weights and measures, and providing for public scales; and one changing the jurisdiction of the lower courts, which will save many a dollar for Commonwealth. These bills appeal to the Advocate as most meritorious and commendable, and we hope the author may be successful in securing their enactment.—Advocate.

CONSUL HOPPER LEAVES

Consul George D. Hopper left Monday for Washington City where he will remain a few days before sailing for Stockholm, Sweden, where he is to represent the United States. He spent a very delightful Christmas here with his mother, Mrs. George D. Hopper, and his brothers and sister, who gathered to enjoy the festive season at home. Friends wishing to communicate with him after he leaves for his new post should address him as follows: "George D. Hopper, American Consul at Stockholm, care of the State Department, Washington, D. C." The Government at Washington will forward all mail thus addressed.

FIRST NATIONAL'S FINE REPORT

The First National Bank declared a dividend of four per cent., increasing its surplus \$1,000, making it \$33,000 and carried a large sum to undivided profits. The First National Bank is one of the best institutions in this section of State and was never in a more prosperous condition than now, as its semi-annual statement just issued shows. Its deposits have reached the enormous sum of \$352,557.94, the largest in the bank's history. The fact that some of its stock recently sold at \$172 is some proof that the people regard it as an A 1 institution of its kind.

PREFERS CHAMBERLAIN'S

"In the course of a conversation with Chamberlain Medicine Co.'s representative today, we had occasion to discuss in a general way the merits of their different preparations. At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only cough remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher Hamilton County Republican-News, Syracuse, Kan.

STOCKHOLDERS' MEETING

The stockholders of the Bank of Moreland will meet at the banking house at 10 A. M. Tuesday, Jan. 8, 1918, for the purpose of electing directors for the ensuing year and attending to such other business as may come before them. Charles Wilhoit, Cashier. 1-2t

STOMACH TROUBLES

If you have trouble with your stomach you should try Chamberlain's Tablets. So many have been restored to health by the use of these tablets and their cost is so little, 25 cents, that it is worth while to give them a trial.

LOTS OF COLD BUT LITTLE COAL

This section of the State is experiencing another spell of fearfully cold weather. On Sunday morning the mercury went as low as 12 below zero and at an early hour this morning it was 10 below. Warmer weather is promised for the middle of the week and it will prove a delightful new year's present to the shivering humanity hereabout. To add to the discomfort of the record-breaking cold weather is the lack of sufficient coal to prevent suffering in many instances. Frank Spoonamore got in a car of the "black diamond" Monday and it went like hot cakes, people going after it in wagons, autos, wheelbarrows and grain sacks. The car was quickly sold, less than a third of our people getting even a look in. The dealers have bills of lading for coal but the coal doesn't come, and the good Lord only knows when it will. There seems to be nothing to do but grin and endure it, and keep from freezing if we can. In short, the road to better fuel conditions seems to be a long, dark and uncertain one, with our fuel administrators as much at loss to know what move to make as those of us who have not been good and warm since good old summer time took its departure.

A SLICK SCAMP THIS

Some time ago an individual who gave his name as Biddleton worked a slick and rascally scheme on eleven families living between the Rolling Fork section of Casey and Hustonville. He was accompanied by a female in an auto and the two represented themselves as being representatives for Leslie's Magazine. They had a good proposition and they worked it to a queen's taste. For a paltry dollar they agreed to send the magazine ten weeks and give as a premium the choice of a Bible, a history of the war or one of Jack London's books. Those who hit signed an order for the "bargain" and an agreement to pay \$1. The magazine and the presents have come up all right but the story does not end there. Coming to Hustonville the scamp got a well-known business man to discount the orders that had been given and which had later been worked on by him. The \$1 order sent \$1.41 and the magazine was 110 weeks. The scamp had been as liberal with the money part of it as he had been with his publication, and the good people who were thus duped will read Leslie's Magazine for a long time even if they pay a big price for it.

A VERY DELIGHTFUL DANCE

One of the most delightful dances given in a long time was that of Wednesday evening at the Acey Auditorium. Many belles and beaux from this favored section of Kentucky were present and all had a good time. It was a dress affair and the young ladies in their handsome evening costumes added brilliancy and beauty to the happy scene. The boys, dressed in their best "bib and tucker," proved the most chivalrous of beaux, and everything seemed to conspire to make the event one long to be remembered. The auditorium was tastefully decorated for the inter-dinner and enjoyable affair. Garr's Saxophone Trio, of Lexington, furnished inspiring music and the triumph of the light fantastic found it hard to leave the scene of merriment even at the late hour of 3 A. M.

MRS. WILLIS HASN'T BOUGHT

The Danville Advocate, Richmond Register and Louisville Herald are in error when they state that Mrs. J. B. Willis, who has charge and is part owner of Lincoln county's splendid resort—Crab Orchard Springs—has bought the interest of John Robinson's heirs in the springs property. The writer called on Mrs. Willis for particulars of the sale and she informed him that while she had an option on the interest in the property owned by the Robinson heirs, she had made no trade. She said: "I do not know what I will do in the premises, but you can rest assured that if I make a deal my home paper, the Interior Journal, shall know about it first."

FATHER HELPING ALL HE CAN

"Two of my sons are in the war. I am doing all I can to help my country, as well as Mayr's Wonderful Remedy, which I can thank for my present good health. I suffered 5 years with most serious stomach trouble and bloating. Am recommending it to all sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Lincoln Pharmacy and The Penny Drug Store. 1t

STOCKHOLDERS' MEETING

The stockholders of the Crab Orchard Banking Co. will meet at the banking house at 10 A. M. Tuesday, Jan. 8, 1918, for the purpose of electing the directors for the ensuing year and attend to such other business as may come before the body. H. G. Skiles, cashier. 1-2t

FARRIS PREPARING HIMSELF

Maurice J. Farris II, sheriff-elect of Boyle county, has been staying in the office of Sheriff Harbison for the past several days for the purpose of familiarizing himself with the detailed duties of the office. He is now of the opinion that he will be equal to any emergency that may arise.—Advocate.

Mrs. Nathan Belden, whose husband died in Rowland some months ago, died at Louisville last week. She was the stepmother of J. J. Belden, of this city.

THE LATEST WAR NEWS

Three British torpedo boat destroyers were sunk through being struck by torpedoes or hitting a mine off the Dutch coast on the night of December 22, with the loss of thirteen officers and 180 men.

In a fight between Chinese and Russian Maximilian troops at Harbin, Manchuria, Wednesday morning, the Russians surrendered and were disarmed and made prisoners, according to a report which is considered reliable, received from Harbin. The advice says the Chinese now occupy the garrison at Harbin.

The Germans made another determined attack on the British position on Welsh Ridge in the Cambrai sector yesterday and succeeded in capturing a portion of the trenches. A heavy British counter attack drove them back again, according to the report from Field Marshal Haig's headquarters.

FOR MRS. EDWARD COOPER

The most delightful social function during the holidays, was the reception given on Friday afternoon by Misses Lucile and Lyles Cooper and Mrs. John Owensley Reid, complimentary to their sister-in-law, Mrs. Edward Cooper, of Litchfield, Illinois. The entire house was artistically decorated in Christmas colors and holly. The guests were received in the reception room by the hostesses and Mrs. Cooper, who is a bride of only a few months, was elegantly gowned in her wedding dress of white satin, trimmed in pearls, and Miss Lyles Cooper, who was her maid of honor, wore a very handsome dress of pink satin. The guests retired to the dining room, where an elaborate salad course was served by Misses Lottie Carson and Mary Elizabeth McKinney, Mesdames Carl A. Carter and C. Hays Foster, who were gowned in evening dresses. Mrs. E. C. Walton presided in a most graceful manner over the tea urn, while Miss Mary Dee Kennedy served the salad. On leaving the dining room the guests were presented with a small spray of holly by Mrs. Sam Robinson, as a souvenir of the reception that will long be remembered in this city. Mrs. Cooper is indeed a very charming lady and has made many friends during her visit here.

LEE RUPLEY BUYS INTEREST

Lee Rupley, who has been with Sam Robinson for many years, has bought an interest in the store of McRoberts & Bailey and invoicing of the stock will begin probably Thursday. Mr. Rupley has proven himself an excellent salesman and commanding the good trade that he deserves, he should add considerably to the big business McRoberts & Bailey have always enjoyed. Arthur Coffey, who has been with the firm for several years and whose work has been highly appreciated by Messrs. McRoberts and Bailey, will move with Mrs. Coffey to Hustonville and after this week will be identified with the firm of A. J. Weddle & Son, of that city. Mr. Weddle is Mr. Coffey's father-in-law. He will fill in a most excellent salesman and a gentleman under any and all circumstances. Stanford people generally give him and his charming wife up with much regret. Mr. Rupley is succeeded in Mr. Sam Robinson's store by William A. Carson, Jr.

A FIVE PER CENT. DIVIDEND

The Lincoln County National Bank, at a meeting of its directorate held on Saturday afternoon declared the regular dividend of three per cent. and a special dividend of two per cent., equalling a five per cent. dividend, which means that \$5,000 will be paid to its shareholders. The bank has had a most prosperous year and the past six months have been especially good. Besides the \$5,000 to be paid out in dividends the bank divided several thousand dollars between several of the funds of the institution. Cashier W. M. Bright and his assistants have right to feel proud of the statement they are sending out today, which probably is the best in the history of the popular banking institution.

THREE CAUCUS NOMINEES

The newly-elected members of the city council met one night last week in caucus and nominated Hon. P. M. McRoberts for city attorney, Albert H. Severance for city clerk and George T. Wood for chief of police. Mr. McRoberts had no opposition but there were three candidates for city clerk and six for chief of police. The council, which is composed of Messrs. J. B. Paxton, J. C. Bailey, T. W. Jones, H. C. Anderson, B. F. Rountree and W. H. Hill, will qualify next Monday and on Friday night, Jan. 11th, will meet and elect the three gentlemen that have been nominated. The old council will hold its last meeting Thursday night.

A GOOD SAMARITAN IS HE

The following is about the best news that the Interior Journal has printed in a long time and it should further convince every man, woman and child in and around Stanford that Mr. Coleman is a friend in need and one that it will do to like. Pineville, Jan. 1. E. C. Walton—Having learned through my son, Earl R. Coleman, that Stanford citizens are suffering from coal shortage, I have arranged to ship daily one car load of coal to J. H. Baughman & Co. until situation is relieved. Please notify the public. C. R. COLEMAN.

WILL CLOSE AT 6 P. M.

The grocery and hardware merchants of Stanford, in order to conserve coal and lights, will close at 6 o'clock each evening of the week except Saturday until further notice. This is a very judicious move and the merchants who have thus entered into an agreement are to be commended.

GOVERNMENT CONTROL

OF ALL RAILROADS

Under the authority conferred on him when the country is in a state of war, President Wilson assumed control of all of the railroads in continental America at noon Friday and named Secretary of the Treasury McAdoo director general. It had been contemplated for some time, but it was thought it would not be done until congress reassembled after the recess. The problem is one of the most stupendous ever attempted of solution by the government and will be of great difficulty unless there is complete co-operation by the heads of the many corporations. For the present operations will be conducted by existing railroad organizations, which have united under a war board of five presidents, of whom Mr. Fairfax Harrison, of the Southern, is one. Government shipments will be given the preference and sent the shortest route, no matter how billed. The war board has done the best it could, but numerous laws, hampering it were in the way of full working power and these will be set aside during the term of government control. Another reason for taking charge of them is that it will place the employees in the service of the government, which will prevent them from striking under penalty of being tried for treason. It is stated that the wages of many of them will be increased, while making a reduction in the salaries of all who receive a large amount. The railroads are guaranteed pre-war profits and the right to raise funds to keep the roads in the best physical condition. We have never been an advocate of government control of railroads, but circumstances alter cases, and knowing that the president has studied the matter from every angle, we are more than willing that where he leads we shall follow. It may be that the experiment may prove so advantageous that the system will always continue and prove the theory of Bryan and his school of statesmen.

The magnitude of the undertaking can be better appreciated when it is recalled that there are some 250,000 miles of railroad in the United States and that the order takes all of them in, including their appurtenances. The private cars of railroad officials as well as all the Pullman cars are also included.

There are those who claim that Mr. McAdoo is hardly big enough for the job imposed on him, and that the president should not have appointed his son-in-law, but their criticism are not well founded, since Mr. McAdoo has shown himself a man of great executive ability and the president would not be small enough not to take the best man he knew, simply because of relationship.

With the complete cooperation of the railroad managers, and the setting aside of laws that prevented full results, government control will relieve the congestion of freights and make for a better service generally. But Mr. McAdoo has the biggest job ever assumed by one man and it will tax his unquestioned ability to the limit. That he will be equal to the occasion we verily believe and place another laurel upon the brow of the man in the white house, whom God seems to have raised up to guide the nation safely through the billows that are trying men's souls.

Clarence E. Woods, who has been editor of the Eustis Lake Region, a well-known Florida paper, for several years, has resigned to accept the appointment of Explosive Inspector of his State. Mr. Woods' fight for a betterment of conditions generally has attracted widespread attention and has resulted in much good, as well. News comes that A. D. Miller, for years editor of the Richmond Climax, will succeed Mr. Woods as editor, and that he will fill the place well, none who know his ability will for a moment doubt.

Senator LaFollette has been expelled from a club in Wisconsin because of his disloyalty and traitorous utterances. If the committee investigating these utterances does its duty he will be expelled from the Senate his presence disgraces. Then he should be tried by a court of competent jurisdiction and hanged. To stand such a creature up before a firing squad would in no measure benefit the occasion or the crime.

Cold weather, but never too cold to make good resolutions. Have you made yours?

Severance & Son

That was a generous, gracious, gentlemanly act of Mr. C. R. Coleman, head of the Coleman Mining Co., of Cary, Bell county, when informed that his home people were in need of coal to prevent suffering, he voluntarily ordered a car-load a day of his product shipped to Stanford to be sold to those needing it worse. Stanford people should not and will not forget the thoughtfulness of the splendid citizen.

We see no reason to change our belief, stated shortly after the election, that Hon. R. T. Crowe, of Oldham county, the administration candidate for speaker, will be elected with votes to spare. He is in every way worthy of the honor and in selecting him as his standard bearer Gov. Stanley showed great wisdom. The labors of Dr. Alexander's Forward League seem to have been in vain.

At Waterloo, Iowa, a single pound of butter brought \$5.67. It was sold at auction, the proceeds to go to the Red Cross Chapter of that city and B. A. Davis was the buyer. Mr. Davis sent the butter to President Wilson and received in response one of the President's characteristic letters.

Small-pox near a saloon in Ohio, from which Maysville people have been getting their booze, has cut off their supply and as a result Maysville has enjoyed the quietest Christmas in years.

A happy new year to all and may the year just begun be the happiest and best the readers of the Interior Journal and others have ever experienced.

LYNN PENCE ENTERTAINED

On Saturday evening Lynn Pence proved a very gallant young host to a number of his friends. Christmas decorations were used throughout the entire house and the holiday spirit was felt by all. The evening was most pleasantly spent, different games being indulged in. The refreshments were very elaborate and delicious.

A PROSPEROUS NEW YEAR

IS OUR WISH TO YOU
We thank you for your courtesies of the past year and ask that our pleasant relations may continue. We invite you to inspect our stock this coming year. Sam Robinson.

It was mighty cold Monday but a crowd gathered at J. T. Livingston's sale and household and kitchen furniture sold remarkably well.

A Prosperous New Year To All!

A word to our farmer friends:—Heretofore our surplus stock of Binders, Mowers, Grain Drills, Corn Planters, Etc., have been carried over to the next year by the factories. "NOW THEY DO NOT." So we will not order out anything of the above lines unless they are sold. We look for 1918 to be our hardest year to get implements. My advice is to place your orders early. You be your own judge. Your order will be appreciated NOW, as we believe you will not regret it. Your business of last year extended us, is highly appreciated. Yours,

W. H. Higgins, Stanford
